

MATE- RIALS & LAYOUTS

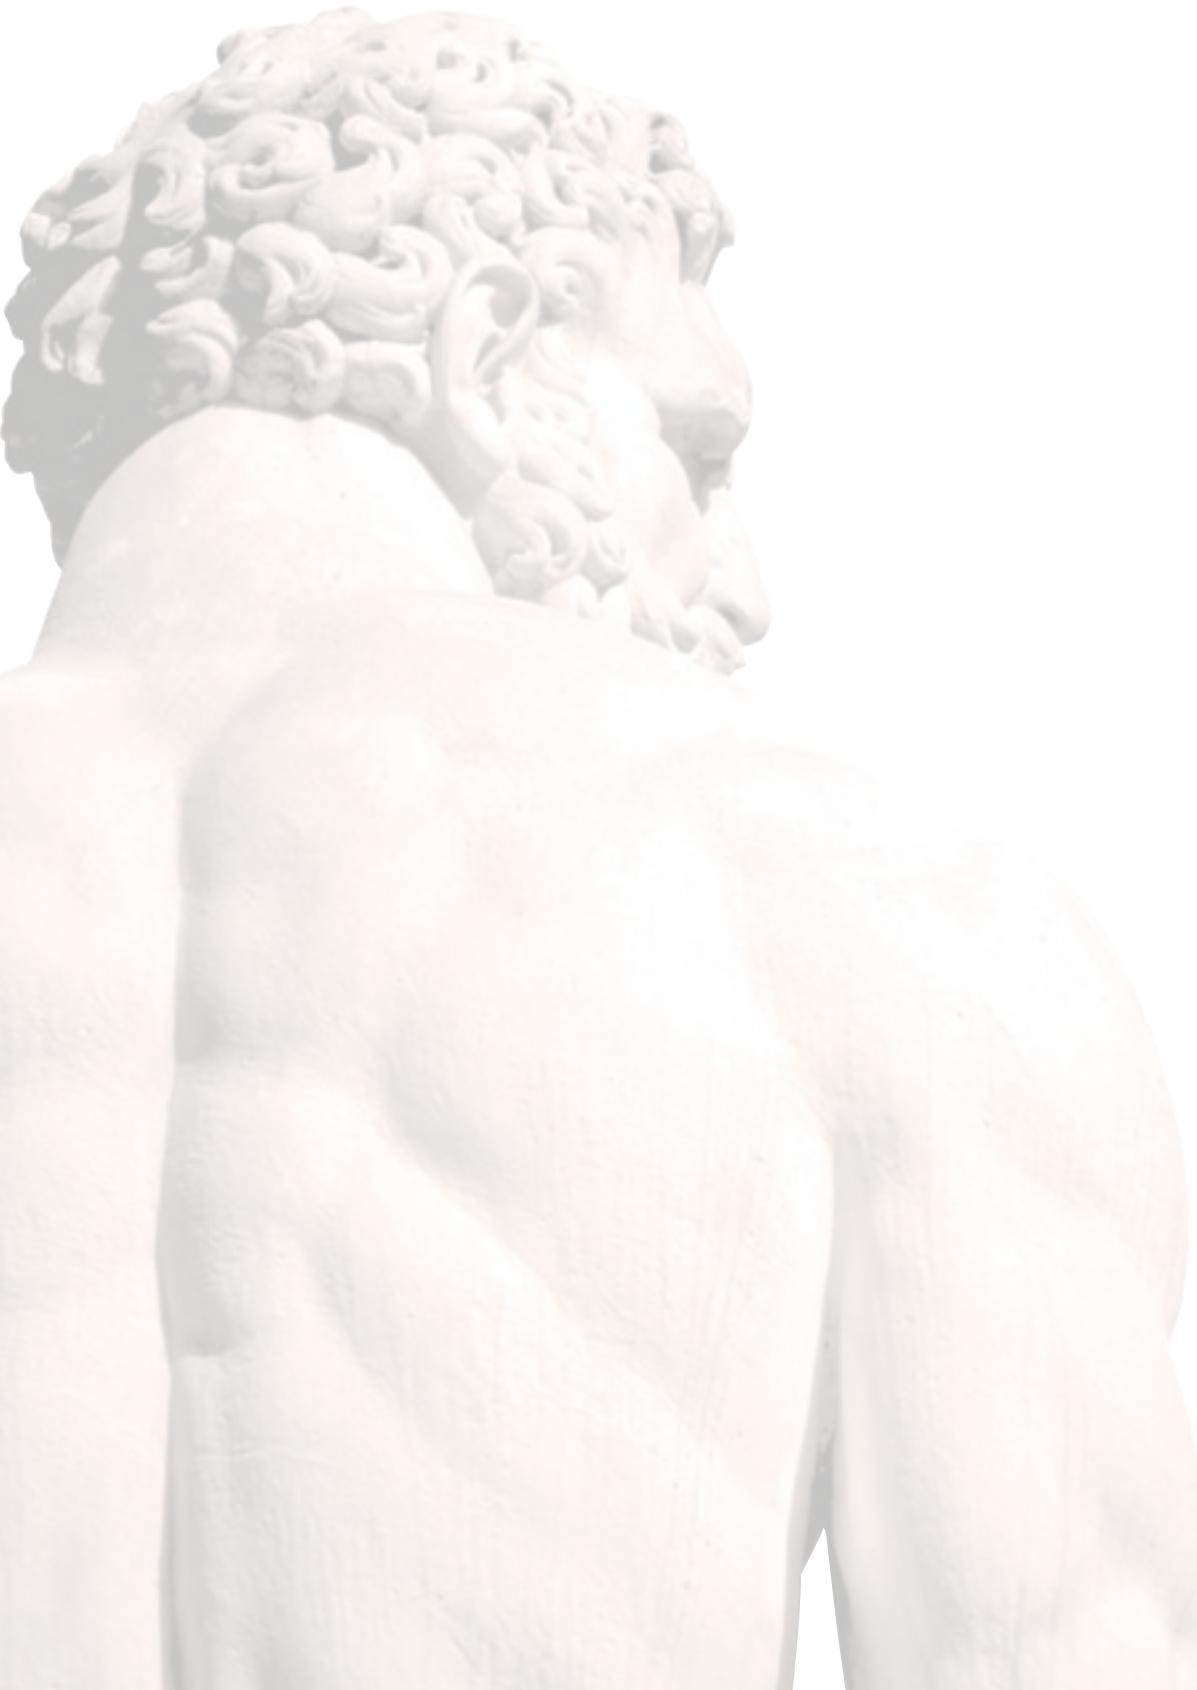

MATERIALS & LAYOUTS

Minerva armored doors are a jewel in every home and the materials make them one of a kind. Integrating the security door to the context where it will be used for is essential; furniture and design must be in symbiosis. This is why Minerva offers multiple facets for its coverings: the essence of wood, the might of marble and porcelain stoneware, the delicacy of the leather, the brightness of glass and the particularity of metal.

VENEER WOOD FOR INTERIOR AND EXTERIOR USE

The veneer wood of the Decor line is characterized by a greater thickness which, in addition to making it more resistant, allows decorations of various kinds by milling or pantographing the panel in depth. These features make it suitable for use in interior and exterior environments.

SOLID WOOD FOR INTERIOR AND EXTERIOR USE

A timeless classic

The armored doors with wood cladding are endowed with great charm and have a classic and timeless style. Wood has always been chosen for its elegance and for that pleasant sensation of warmth it can offer.

Un classique intemporel.
Un classico senza tempo.

Le porte blindate con rivestimento in legno sono dotate di grande fascino e hanno uno stile classico e senza tempo. Il legno è sempre stato scelto per la sua eleganza e per quella piacevole sensazione di calore che sa offrire.
